GoDaddy Authorized User Setup

To set up Antidote 71 as an authorized user of your GoDaddy account, follow these steps:

1. Log in to your GoDaddy account

2. Click "Account Settings"

3. Choose "Delegate Access"

4. Click "Invite to Access"

5. In Name, enter Antidote 71

6. In Email, enter rich@antidote71.com

7. For access level, choose whichever is necessary

   (If we do not handle billing, we do not need "purchase," but if you want us to

   be able to purchase domains on your behalf, we do need that access.)

8. Click "Invite"

That's it! We'll get an invite and have proper access to your GoDaddy account without ever needing your username or password.
